The performance data quoted represents past performance. Past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost, and current performance may be higher or lower than the performance quoted. For performance data current to the most recent month end, please call 1.800.791.4226.

To determine if this Fund is an appropriate investment for you, carefully consider the Fund's investment objectives, risk factors, charges and expenses before investing. This and other information can be found in the Fund's summary and full prospectuses, which may be obtained by calling 1.800.791.4226. Read the prospectus carefully before investing or sending money.

Mutual fund investing involves risk, including possible loss of principal. There can be no assurance that the Fund will achieve its stated objectives. Current and future holdings are subject to risk. The Fund is not diversified.

The S&P 500 Growth Index measures growth stocks using three factors: sales growth, the ratio of earnings change to price, and momentum. S&P Style Indices divide the complete market capitalization of each parent index into growth and value segments. Constituents are drawn from the S&P 500®.
